#### About Exam 473E

This exam is the most often used exam for Postal Service job openings. Almost 90% of all Postal Service job openings are filled using this exam. Even many part time jobs are filled using this exam. This exam is used for so many job openings that it is sometimes referred to as the Postal Battery Exam, General Entrance Battery Exam among other names. Obviously, it is to your benefit to become familiar with this exam.

Exam 473E has two separate sections.

The first section is the Personal Characteristics & Experience Inventory section (known as PCEI or PCI). Because this section is a part of multiple exams, we went over this section in the "Postal Service and Other Government Job Opportunities Guide". The Guide was available for download separately, when you downloaded this practice exam. If you did not download the Guide when you downloaded this practice exam, you can simply refer back to the email we sent you for the download link to access the "Postal Service and Other Government Job Opportunities Guide".

The second section contains the majority of the exam. This section consists of 3 parts:

- A. Address Checking
- B. Address Coding and Memory
- C. Forms Completion

Questions: 88 Time: 5 minutes

This is really a 2 section part, one for coding and one for memory. The memory section is the more difficult part and is our main focus here. During the coding section you will simply look at the chart and pick which group an address falls in, A, B, C, or D. The coding section is basically an open book test and as long as you look at the chart, the placing of the addresses is fairly simple. However, during the memory section, once the timed exam has started, you will not be allowed to look back at the groups of addresses. For this sample exam, during the memory section, you may study the following table of addresses for 5 minutes. You need to focus on memorizing which letter group the address appears in. On the exam itself you will simply need to remember which letter group that particular address was in. After 5 minutes put the table of addresses aside and begin the exam. You are not able to look at the table after you have started the exam. The answer sheets are behind the exam.

#### Group A

4200 - 4600 Peck Dr

Spring St

500 - 900 Kiger Rd

3400 - 3800 Willis

#### Group C

#### Part III Forms Completion

The Postal Service has a number of various forms that are completed through the process of performing job duties. Therefore, it's important that an employee know and understand how to complete various forms. The Forms Completion section tests your ability to complete various sample forms quickly and accurately. This part will show you 3 different forms for completion. Each form will be shown first and the following page will then ask you 6 separate questions about that form. The answer sheets are behind the exam.

The forms and questions begin on the next page.

# Scoring the Results

## Part I. Address Checking

Determine how many answers you checked correctly and incorrectly this will give you a raw score. Fill in these two numbers in the following equation:							
Correct Answers	(minus)	Incorrect Answers	(equals)	Score			
			=				
Part II. Address N	Memory						
Take the number of	of incorrect	nswers you checked answers and divide t ber of correct answer	hat number	by 4. Then			
Correct Answers	(minus)	Incorrect Ans. / 4	(equals)	Score			
			=				
Now, add the two	scores from	n Part I. And Part II to	determine	a raw score.			
Part I Score	Plus	Part II Score	(equals)	Total Score			
	+		=				

Part III. Forms Completion

Total number of correct answers divided by 18 = \_\_\_\_\_ %

Remember, these are not your official scores it is just a way for you to measure your progress.
