This is really a 2 section part, one for coding and one for memory. The memory section is the more difficult part and is our main focus here. During the coding section you will simply look at the chart and pick which group an address falls in, A, B, C, or D. The coding section is basically an open book test and as long as you look at the chart, the placing of the addresses is fairly simple. However, during the memory section, once the timed exam has started, you will not be allowed to look back at the groups of addresses. For this sample exam, during the memory section, you may study the following table of addresses for 5 minutes. You need to focus on memorizing which letter group the address appears in. On the exam itself you will simply need to remember which letter group that particular address was in. After 5 minutes put the table of addresses aside and begin the exam. You are not able to look at the table after you have started the exam. The answer sheets are behind the exam.

PERSONALITY EXAM -

The Personality Exam is designed to build a personality profile and work ethics profile of a job applicant. The Personality Exam can be given by itself. The Postal Service uses this exam to select the best possible employees. We can assist you on scoring well on this exam. This exam will ask you a series of questions. Many of these questions are about the same topic, or the same questions, simply asked in different ways. The questions cover the topics of temper, stress, tolerance, motivation, frustration, organization, among others as well. All of the questions are multiple choice. For example, some questions will have answers such as “Strongly Agree”, “Agree”, “Disagree” and “Strongly Disagree”. Other questions may have answers such as “Very Often”, “Often”, “Sometimes” and “Rarely or Never”. As a side note, this type of exam is becoming more common in the private sector as well, so getting familiar with this type of questioning should prove to be beneficial to your employment prospects overall.

Do not rush through this exam, it's very tempting to rush through this exam as the questions seemingly cover the same topics over and over again. Therefore, we would advise that while taking this exam, that you briefly pause before answering each question and remember the above phrase in regards to what type of individual it is generally accepted that the Postal Service is looking for.
